This Bylaw is adopted by the town under its home rule powers, its police powers to protect the public health and welfare, and its authorization under Mass. Gen. Laws, ch. 40, §21.

SECTION 2: PURPOSE

The purpose of this Bylaw is to protect, preserve, and maintain the existing and potential ground-water supply, groundwater recharge areas, and surface water within the town from contamination with hazardous materials.

SECTION 3: DEFINITIONS

The following definitions shall apply in the interpretation and implementation of this Bylaw.

SECTION A.

"Hazardous material" means a product or waste, or combination of substances which because of quantity, concentration, or physical, or chemical, or infectious characteristics, poses in the Board of Health's judgment a substantial present or potential hazard to the human health, safety, or welfare, or the environment when improperly treated, stored, transported, used or disposed of, or otherwise managed. Any substance deemed a hazardous waste in Mass. Gen. Laws, ch. 21C, shall also be deemed a hazardous material for the purpose of this Bylaw.

Registration required by this provision shall be initially submitted by September 1, 1982 and annually thereafter within thirty days of September 1 year.

SECTION B

Owners or operators of commercial or industrial establishments who have not previously registered in accordance with Subsection 4:1 shall, if they meet registration requirement, register initially within thirty days of meeting such requirements and thereafter within thirty days of September 1 each year.

SECTION C

In addition to registration, owners or operators of commercial or industrial establishments registered in accordance with Subsections 4:1 and 4:2 shall maintain on the premises an inventory, reconciled on a monthly basis, of purchase, use, sale, and disposal of hazardous materials. The applicant at his own expense must notify all abutters by certified mail at least ten days before the Board of Health meeting at which the variance request will be considered. The notification shall state the variance sought and the reasons therefore. Any variance granted by the Board of Health shall be in writing. ARTICLE PASSED AS AMENDED

ARTICLE 15: Motion by Marcia Benes seconded by Stanley Widak, Jr. to accept Article 15 as printed.

Mr. Widak reported that following a public hearing held by the Planning Board, this Board recommends approval of Article 15 (copy of recommendation attached).

Marcia Benes read the Conservation Commission recommendation on Article 15, which is the following:

The Conservation Commission has provided the two types of by-law available to protect drinking water by reducing risk of ground water pollution.

We offer a choice because each has its strengths and weaknesses.

Article 15 will cover the entire town but will not address the issue of nitrate or septic contamination. Its main weakness is that it relies upon the Zoning Board to watchdog industry and grant conditional permits. This means that the Zoning Board must expand their traditional interests and expertise beyond that of Zoning regulations, to include the most up-to-date information on pollution controls and potentially polluting industrial processes. Since SERPED estimates a year and given the changing makeup of the board members may not have the opportunity to acquire an adequate technical background.

Article 15 is more flexible, however, and many people may prefer a by-law that regulates industry through a permitting process.

Plainville provides water for three (3) towns and has the lowest taxes and a small town atmosphere. Attleboro, Mansfield and North Attleboro have the industry. We can also accommodate some industrial expansion, but we plan wisely because if we destroy our water resources there is no one to whom we can turn for help. The Conservation Commission hopes that these by-laws can be debated in a spirit of public concern and not be marked by rancor.

Motion by Chief Skinner, seconded by Roger Graham to delete Section 3.11 C-1(g).

Result of standing vote for amendment — Yes, 82; No, 73.

SECTION AMENDMENT CARRIED

Motion by Stanley Widak, seconded by Arthur Roy to add word "water" after word "surface" in C-2(c).

CHAIR CONSIDERED MOTION

Motion by Reginald Keyes, seconded by Marcia Benes to table Article 15 until discussion has been

completed on Article 16 so the voters could make comparison.

SO VOTED

ARTICLE 16: Stanley Widak read Planning Board report and recommendation of no action on this article. Marcia Benes read Report of Conservation Commission (copies of both are attached).

Motion by Robert Spitler, seconded by Peter Gallimore for no action on Article 16. Motion for no action defeated.

Motion by Marcia Benes, seconded by Rita Watson to delete Section 3.11 B-2 and insert "a single or two family residence permitted in an underlying district shall be permitted."

Result of standing vote on Article 16 as amended ($\frac{2}{3}$ vote required) — Yes, 81; No, 59. (Required to Pass — 94)
ARTICLE 16 DEFEATED

ARTICLE 15: (removed from table)

Result of standing vote on Article 15 as amended — Yes, 133; No, 2.

ARTICLE 15 CARRIED

Motion by Arthur Roy, seconded by Stanley Widak, Jr. to adjourn Town Meeting to Tuesday, April 13, 1982 at 7:30 P.M.

Tuesday, April 20, 1982

The Special Town Meeting was called to order at 8:00 P.M. on Tuesday, April 20, 1982 in the auditorium of the Wood School on South Street in Plainville.

Moderator David Lomasney announced that the rules and counters would be the same as for the adjourned Annual Town Meeting.

Warrant for the Special Town Meeting was read.

Motion by Jack Stone, seconded by Robert Hartnett — I move that Attorney John Lee, Robert Brothers, Jack Bush, Brian Bingham, Alden Cousins, Peter Richer, Bud Beattie, Elizabeth Sylvester and Allan Ardis be allowed to speak at this Town Meeting.

SO VOTED

ARTICLE 1: Motion by Ray Felix, seconded by Jack Stone — I move that the Town vote to discontinue as a public way that part of Belcher Street, bounded and described as follows:

Beginning at a point marked by a County bound on the northerly sideline of Belcher Street intersecting the Plainville-Foxborough Town Line; thence running

Following much discussion the Chair declared a recess at 9:30 P.M. and reconvened at 9:44 P.M.

The Moderator requested permission to address the issue. Town Clerk Kathleen Sandland was asked to take over the podium at this point. Mr. Lomasney explained the different funds that the town has to work with.

Motion by Richard Silvieira, seconded by Virginia Silvieira that the motion be referred to a committee of seven chosen by the Moderator including a representative from the Boards of Selectmen/Health, Conservation Committee, Planning Board, Zoning Board of Appeals, Finance Committee and two members at large to present to the people all the facts concerning the economic, environmental and social impacts of the current proposal and any viable alternatives and present its findings at the next Town Meeting.

(It should be here noted that an earlier request was made to put forward a motion to refer to a committee not yet appointed, and the Moderator stated that it had to be referred to a specific committee already in existence, or the motion must make provision for the appointment of such a Committee. Mrs. Spadoni stated that a matter had been referred to a committee in a previous session of the Annual Town Meeting which she felt was this same type of motion. The Moderator requested that the minutes be read, and this was done showing that the motion in question was on Article 17 and that referral was made specifically to the Conservation Committee, Town Counsel and Fire Chief.)

Annual Report

of the
SCHOOL COMMITTEE

OF
PLAINVILLE, MASSACHUSETTS

FOR THE FISCAL YEAR ENDING JUNE 30, 1982

REPORT OF THE SCHOOL COMMITTEE

This past year has to be considered a trying one for the Plainville School Committee.

After extensive search proceedings and deliberations about our decision to reorganize administratively, Mrs. Elizabeth Connelly Silvester was appointed Superintendent/Supervising Principal in June, 1981, for a three year period.

Mrs. Silvester submitted her resignation in March 1982, which would be effective starting August 4, 1982.

Once again the Committee was faced with a search procedure for a new Superintendent/Supervising Principal. A Search Committee consisting of parents, teachers and School Committee members reviewed over one hundred applications for the position and submitted seven names to the School Committee.

Six of the seven semi-finalists were interviewed by the School Committee and four finalists were re-interviewed. Mr. Peter Sweet, a former Plainville teacher, and currently a principal in New Hampshire, was appointed.

After prolonged negotiations, Mr. Sweet signed a contract with the Plainville School Department. Six days later on July 28th, Mr. Sweet resigned. Once again, the school department found itself in the midst of controversy.

Cognizant of the need for a new superintendent to start work within a week and satisfied that a highly involved screening and interviewing process had been conducted, the Committee voted to ask the remaining three finalists if they were still interested in the position. All answered in the affirmative, and on July 30th, Mr. Francis J. Cinelli, Jr., of Mansfield, was appointed the new Superintendent/Supervising Principal. Mr. Cinelli has twelve years of administrative experience and eleven years of classroom experience.

It is the Committee's hope that Mr. Cinelli can bring direction, leadership and stability to the school system. A restoration of high morale and community involvement is hopefully in the offering.

During this past year we were able to operate within the constraints of Proposition 2½ and still provide adequate educational services for the students of Plainville.

Successful negotiations were completed for a three year period with teaching and custodial personnel.

The annual election in April resulted in the re-election of Mr. Keith Grant and election of Mr. Peter Galligan. Mr. Galligan replaced Mrs. Nancy Loew who did not seek re-election.

In closing, the Committee would like to thank the residents of Plainville and the staff of the Plainville Public Schools for their support and understanding during this year of controversy and frustration. The Committee feels that many of its problems are behind them and the future looks considerably brighter at this time.

Respectfully submitted,

MARGARET M. McGRATH

Chairperson

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Plainville School Committee:

It is with pleasure that I submit this first annual report to you as Superintendent of Schools.

Submitting a report of this nature and magnitude after being on the job only five weeks is extremely difficult. I am using a research of the School Committee minutes from July 1981 to June 30, 1982, as a primary source of information.

Abstracting the essence from the above stated minutes, the following appears to be the most noteworthy items.

In the Fall a report card review committee was established to recommend needed changes at all levels in reporting student progress to parents. The results of their efforts will be seen by all during the school year.

The School Committee started a policy manual movement chaired by Mr. Paul Camber. It is hoped that all committee action can be abstracted into school policy articles for fair and consistent action by current and future committees. This is considered a long term project that needs considerable research and habitual updating.

After sixteen years the Committee formally voted to accept the Anna Ware Jackson School on behalf of the Town of Plainville.

Due to the effects of Proposition 2½ the Committee established fees for persons or organizations using school facilities. It is hoped that the fees will offset the cost of utilities and custodial services. Trying to save as much money as possible the Committee joined the Project Spoke Collaborative to get the lowest prices possible for general supplies, art supplies, audio-visual material and fuel oil.

The school system was the recipient of three grants during the year. One grant trained parent volunteers to work with special needs students in the regular classroom setting, while another enriched the reading language arts area. Project READ/WRITE brought the system \$3,000 for in-service teacher training and necessary supplies and materials to implement the program. The third partially implemented the new (S.C.I.I.S.) Science Program. This grant will stretch over three years for total implementation of the S.C.I.I.S. program.

For the first time since the State established special needs regulations (Chapter 766), the school system received a program audit, also known as a Special Education Compliance Review. The system received good grades from the audit committee with only minor complaints concerning some paper work, which is now in compliance.

Probably the greatest accomplishment during the school year was the three year agreement between the Plainville Education Association and the School Committee. The agreement commenced on September 1, 1982 and ends on August 31, 1985. This event removes tremendous pressure from both management and labor and allows for an excellent environment in which to conduct the education of children.

Under the new agreement a Jackson School teacher was granted a leave of absence for one year in order to pursue an alternative career.

In early spring Superintendent Elizabeth Silvester handed in her resignation, beginning an extensive search for her replacement. The Search Committee consisted of Committee members, faculty and parents. At the conclusion of the entire process the Committee selected Mr. Peter Sweet of Deerfield, N.H. as its new superintendent. However, Mr. Sweet resigned prior to the effective date of his contract. The Committee then selected Francis Cinelli of Mansfield to serve as its executive officer.

Prior to the end of school the sixth grade enjoyed another outdoor education experience at "Web of Life" in Mashpee, Massachusetts. Thanks to the efforts of Mr. John Houle and Mrs. Catherine Green the annual project was a great success.

The Rollins Cablevision Company, as a community service, installed (free of charge) five outlets in the Wood School and three outlets in the Jackson School.

In conclusion, I would like to thank the Committee for giving me the opportunity to serve as your Superintendent/Supervising Principal and hope the coming year will be a rewarding experience for myself, the children and their parents.

Respectfully submitted,

FRANCIS J. CINELLI

REPORT OF THE CHAIRMAN

The school system has experienced a most difficult year in working within the financial limits imposed by Proposition 2½. A 2½% increase in the total assessment to the member towns does not keep pace with general salary increases, energy costs and inflation. Fortunately fuel prices did not reach predicted levels. Had that occurred there would have been additional costs to be compensated for by cuts elsewhere in the budget.

The committee prioritized budget reductions in that new equipment was removed first, educational materials and supplies second, utility costs third and staff last. Because of previous reductions under

two 4% spending caps, the District had reached the point where new equipment had been, for all practical purposes, eliminated from the budget. Supplies, materials, fuel and utility costs were shaved to the minimum. Program and staff reductions have become the only way to appreciably reduce the budget further.

Unfortunately it is necessary to reduce staff faster than we are losing students to reach acceptable budget levels. Obviously, in the long run, unless the trend is revised, or at least kept to a comparable loss ratio, the overall quality of the schools' programs and teaching will decline.

Other community agencies function under the same restraints. Certainly each can justify a level or increased budget. The needs are limitless while the resources are limited. The schools, so vitally concerned with the futures of young people, are worthy of careful consideration before a decision is made to set their budgets. Further, the schools operate under numerous laws and mandates that demand a certain standard of performance irrespective of state or local support. In consequence, funds from the general school budget must be allocated to those areas and others reduced to reach the budget's "bottom line".

We shall conform to the law and the decisions of the communities we serve while attempting to do our best to minimize the effect upon students.

Proposition 2½ will not be an excuse for not proceeding with educational plans, programs and projects. Proposition 2½, however, makes it more difficult and lengthens time lines for the realization of results since funding is frequently a factor. Where results depend upon reorganization, effort, ingenuity and creativity, we shall go forward without hesitation.

Everything considered, it has been a very good year and although Proposition 2½ continues to cloud our financial future, we shall meet it with optimism and energy. In the long run the public will have the kind of schools it wants and is willing to support. We feel the public demands educationally effective and cost efficient schools. We shall continue to work toward these goals even more strenuously in the future than we have in the past. The combined efforts of the School Committee, communities served, students, parents, faculty and administration can realize the unique potential of the Regional District and attain the goal of an ever greater quality of education for each student.

Respectfully submitted,

Marcella Wylie, *Chairman*

King Philip Regional School District Committee

REPORT OF THE SUPERINTENDENT

I herewith submit my tenth annual report as Superintendent of the King Philip Regional School District.

In spite of the difficult financial problems the Chairman referred to in her report, the District schools have had a very good year educationally, principally because of the efforts and commitment of the committee, administrators, staff, and students. Extreme individual and collective efforts were made to offset some of the negative aspects of Proposition 2½. Proper financial support is essential to the long run success of the schools. Although we must take one year at a time, in the long run there comes a time when the procedure of reducing staff to pay ever increasing costs can only have a detrimental effect upon the quality of education.

Junior High School

The junior high school has introduced some Latin to the top reading classes. The study of derivatives and roots should be beneficial to the study of English. Another significant curricula change was the purchase of two TRS-80 computers for one in an enrichment program and to begin the student's study in this growing field.

The industrial arts and home economics programs were reduced as a result of budget cuts so that the Grade 7 program consists of twelve weeks each of home economics, music and the world of construction. Grade 8 students have eighteen weeks each of art and technical drawing.

All curricula guides were revised by the department heads and their staffs.

The junior high school band now consists of thirty members who were taught and played the music of third and fourth year instrumentalists. Twelve junior high school band members will be playing with the high school marching band.

Intramural athletics were reduced to two days a week because of budget cuts.

Open House was extremely well-received with the largest number of parents that we've ever had.

The lower level roof over the classroom area was replaced. It was originally constructed in 1966 and in recent years had numerous leaks. As a part of the reconstruction thick insulation tapered to the roof drains were installed. This has eliminated ponding, assisted draining and greatly reduced heat loss thereby improving the school's overall energy efficiency.

Senior High School — Vocational Division

The vocational division began work on the revision of courses of study. It also became heavily involved in self-improvement tasks as well as work designed to assist the District during this financially difficult period, including the following:

Drafting

- New drafting program for junior and senior vocational students.
- Installed new fixtures and redesigned a classroom for drafting
- Manufactured new drafting desks for the drafting program

Automotive

- Reorganized existing equipment for an efficient line of travel for repair projects
- Relocated existing automobile lifts to prevent accidents
- Replaced all pressure piping on the hydraulic lifts.

Sheet Metal

- Remodeled the welding shop, rebuilt all welding booths and the exhaust system
- Relocated related sheet metal classrooms
- Built new related classroom drafting tables

Machine

- Rebuilt and repaired machine shop equipment on the floor as needed for the next school year

Carpentry

- Renovated the music lab
- Installed an office, equipment and uniform storage rooms

Electrical

- Wired the new drafting room
- Wired the sheet metal welding room
- Wired the new home field project

Food Service Area

- Revamped work stations
- Removed some old equipment and replaced with somewhat newer models
- Renovated cooking-baking equipment

Vocational Resource Lab for Special Needs

- Built new work stations and relocated existing floor equipment for safety and improvement of the program

The vocational division continues to improve its course offering while assisting the District with the repair and maintenance of vocational equipment/shops as well as the senior high school generally.

Senior High School — Academic Division

A considerable amount of time has been devoted to preparing a suitable documentation as well as an in-house evaluation of the high school prior to next year's evaluation by the New England Association of Schools and Colleges. The NEASC will send a visiting team to determine whether or not the high school will be accredited by the organization as meeting its standards. It will also determine the length of the period of accreditation.

Committees have met throughout the year to thoroughly examine all phases of the school's operations. Both the in-house and visiting committees' reports are the basis for long term school improvement programs as well as the recognition of quality aspects of the school's organization, administration, teaching and physical plant.

The complete report is a public document which will receive wide distribution including availability to the general public.

Among the major changes in the last school year were the following:

Foreign Language

- Total articulation of the foreign language program within all levels of all classes
- Refinement of course objectives by level
- Completion of standardized departmental mid-year and final exams
- Pimsleur testing in all grade six classes in the three towns to determine probable success in Foreign Language
- Foreign Language exploratory program in grade six expanded to the three towns (Wrentham, Plainville, Norfolk); levels IV and V French and Spanish students worked with several students in the elementary schools on weekly basis
- Expansion of Latin program to include Latin II
- Expanded foreign language resources in the Media Center through the cooperation of Media Director

Language Arts

- Addition of an Advanced Placement English program to the curriculum
- Revision of the Vocational English program to accommodate the varying ability levels of the students
- Addition to the curriculum of the option of a full year English course for seniors
- Participation in the Trinity Square Theatre drama series for high school students
- Growth of the literary appreciation course at the junior high school (for students not enrolled in foreign language or reading)
- Refinement of elective offerings for seniors

Mathematics

- Five new Apple II-Plus computers with disc drives and a printer
- A new course, Honors Calculus, was offered to those students who excell in Mathematics
- A new course selection in Computer Literacy

- The Math Department also offered a Math League Team with Mr. William Lepere as coach. His team competed throughout the southeast district.
- Competitive high school testing was encouraged by entering students in The Eighteenth Annual Mathematics Olympiad. The Thirty-Third Annual High School Mathematics Exam, and the Second Annual Computer Problem Solving Contest.

Science

- This year the Science Department has added an Advanced Placement Program in biology. Advanced Placement is a college-level for High School students. It is a special college-level learning experience that most often takes a full academic year. The program is challenging, thought provoking and compared to other high school courses it often takes more time, requires more work, gives greater opportunity for individual progress and accomplishment, goes into greater depth, and is more stimulating.

Physical Education

- The Physical Education Department at King Philip has built and maintained a ropes course behind the school. This project was undertaken with federal funds.
- The faculty of the department have been recertified in C.P.R. and are administering C.P.R. instruction. The department has also developed and implemented a streamlined program of Physical Education activities adhering to the demands of Proposition 2½.

Cultural Studies

- Mid-year and final exams, thorough and challenging, continue to be successfully presented at the high school
- Introduction to Social Studies and honors courses in U.S. History and Western Civilization were successfully introduced this year
- Modern European History is being added as an elective course for next year
- World Civilizations will be required of all grade 9 students selecting an honors or college program next year
- Reading, writing, thinking and citizenship skills have been identified as key areas for continued, on-going development
- A variety of new social studies materials are available through the Media Center
- Improved and updated materials and textbooks are available for all courses
- Term papers were assigned to honors and college level U.S. History classes, grade 11

Art

- Various murals, exhibits, and projects were completed in the art program

Conclusion

We are pleased by the professional recognition accorded our teachers thru their professional associations. We are proud of the increased percent of students pursuing higher education as well as entering the more selective colleges. Further, we are equally gratified at the percent of vocational students entering the career fields which they have pursued at King Philip. The honors and awards received by King Philip students seems to be increasing with each succeeding school year. It certainly adds to the feeling that many good things are happening to our schools.

Although the passage of Proposition 2½ dramatically increased the problem of financial support, we shall do our best with the funds that we receive. However, in a time of continuing inflation, increasing energy costs and collective bargaining, it is unrealistic to believe substantially and continually decreased budgets will provide sufficient long term funding for maintaining and improving the schools.

If there is no relief within the next few years, it may be necessary for the community to reassess some of its expectations. Maximum value should be received for expenditures made, but all of us realize that quality in any endeavor has certain costs which can be somewhat reduced, sometimes delayed, but never eliminated.

The School Committee has actively participated and supported us in our many endeavors. Its leadership and cooperation remain active and vital. I also sincerely appreciate the efforts of our students, their parents, teachers, guidance counselors, nurses, custodians, office personnel, cafeteria workers and administrators in all of our schools. The success of the schools is dependent upon the interaction of all who teach, learn, serve and support the schools of the regional district.

William J. Costa

REPORT OF THE TOWN COUNSEL

The following is a listing of the pending litigation involving the Town of Plainville, with a brief description of the nature of the action and of its present status:

1. *James H. Congdon v. Town of Plainville.*

This is an action brought by the plaintiff in the Superior Court for Norfolk County in which he seeks damages of \$50,000 for injuries sustained while he was operating his motorcycle on November 23, 1979, on the former railroad right-of-way near Carlton Road. The Town has denied liability for such damages. The case undoubtedly will go to trial.

2. *David Lumnah v. Town of Plainville.*

This is a complaint brought by the plaintiff in the Wrentham District Court in which he seeks in the amount of \$575.00 for damage to his motor vehicle which he says occurred on or about February 17, 1979, because of an alleged defect in Pleasant Street, a public way in Plainville. The Town has denied liability, and the case will possibly go to trial.

3. *General Paving Corporation v. Town of Plainville and its Board of Sewer Commissioners.*

This is an action brought by the plaintiff in the Norfolk County Superior Court in which the plaintiff seeks damages of approximately \$25,000 to which he claims he is entitled because the Town rejected his low bid for a "Sewage Works Improvement Project", which had been publicly advertised by the Board of Sewer Commissioners and subsequently awarded by the Board to Brentwood Construction Corp., a higher bidder.

4. *Robert T. Fuller, et al v. Dag Hultgreen, et al.*

The defendants are members of the Town's Planning Board. This is an appeal taken by the plaintiffs in the Norfolk County Superior Court from a decision of the Planning Board approving a subdivision plan. The appeal seeks to annul such decision. This case will possibly go to trial this month.

5. *R. Zoppo Co., Inc. v. Town of North Attleborough v. Whitman & Howard, Inc. and Town of Plainville.*

This is an action brought in the Norfolk County Superior Court in which the plaintiff seeks to recover from the Town of North Attleborough approximately \$265,000 for additional labor, materials and equipment it claims were required to construct an interceptor sewer from the Plainville-North Attleborough line to the North Attleboro Sewage Treatment Facilities. The Town of North Attleborough has joined the Town of Plainville as a third-party defendant in such action on the basis of a written contract entered into by the two said towns on March 14, 1972. It is my understanding that a settlement of this case is being worked out by the Town of North Attleborough with the R. Zoppo Co., Inc.

6. *Raymond J. Champagne v. Town of Plainville et al.*

This is an action brought by the plaintiff in the United States District Court for the District of Massachusetts against the Towns of Plainville, Dedham, Braintree, Canton, Cohasset, Avon, Holbrook, Medway, Millis, Norwood, Randolph, Sharon, Stoughton, Wellesley, Westwood, Weymouth and Wrentham in which the plaintiff seeks declaratory and injunctive relief and damages against the said Towns for alleged irregularities in the selection of persons for service on grand juries and petit juries.

Very truly yours,

JOHN P. LEE
Town Counsel

REPORT OF THE INDUSTRIAL DEVELOPMENT FINANCING AUTHORITY

During the fiscal year from July 1, 1981 to June 30, 1982 the Plainville Industrial Development Financing Authority considered four applications for Industrial Revenue Bond Financing and had a preliminary discussion with a fifth potential applicant.

The following applications were approved and it was voted that the Massachusetts Industrial Finance Agency assume the role of this Authority in financing these projects as authorized by Section 35(h) (3) of Chapter 23 of the General Laws as amended:

Plainville Corporation	\$795,000
Plainville Machine Works	450,000
Union Realty Trust	350,000
Mini Systems, Inc.	400,000

During the year James Goldberg resigned and was replaced by Janice Rounds who has very quickly become an excellent member.

I wish to thank the members of this Authority — Janice Rounds, Grace Simmons, Karl Grube and Raymond Miller for their valuable time, effort and willingness to serve, and the Town Office staff for their courtesy and very able and essential assistance.

Respectfully submitted,

Plainville Industrial Development

REPORT OF THE LIBRARY TRUSTEES

The Plainville Public Library continues to operate under the same difficult and trying conditions of cramped space and limited budget.

Our shelves now house 10,908 books as well as many magazines and periodicals. Supplementing these are 243 L.P. records including classical and country music.

The total circulation of all books and magazines last year was 8,573.

There was a summer reading program supervised by Mrs. Cobb for grades 1 through 6 in which 34 of our young people participated.

During the month of August volunteer Mrs. Patrice Giovanoni and her assistants conducted a most interesting and entertaining story hour for wide-eyed youngsters ages 3 to 6.

Since the withdrawal of Federal funds it has been necessary to postpone further work on the project of a new library facility. Several avenues for alternative solutions have, and are continuing to be, explored.

Again this year we were eligible for State Aid due to meeting the requirements of spending 20% of our total budget on new books as well as meeting several other conditions.

During the year a book sale was organized by Mrs. Leah Sharkey and Mrs. Jean Henrich, two volunteers with a great deal of interest and dedication to the library.

On April 1st a reception arranged by the Library Trustees was held in the Plainville Methodist Church Vestry commemorating Mrs. Helen Cobb for 25 years of service to the Town of Plainville in the capacity of librarian. Among the attending distinguished guests honoring Mrs. Cobb were State Senator David Locke, State Representative Kevin Poirier, the Plainville Board of Selectmen and many town officers as well as a legion of friends. She was given a gold Cross pen engraved with her name and the dates 1957-1982. This event was most certainly well-deserved as our town has been extremely fortunate to have someone like Mrs. Cobb at the helm of the library through many difficult years.

We were delighted and are confident that the townspeople share our enthusiasm at having our application to the Plainville Arts Council for consideration for funds from the Massachusetts Lottery Funds-for-the-Arts approved. Our share was over \$200.00.

The Plainville Park Department has continued doing an excellent job of taking care of the grounds.

We would like to express our sincere thanks and appreciation to Bob Adams, our volunteer custodian, and all the interested people who have in many ways helped our library in any way.

Respectfully submitted,

GEORGE CURTIS, *Chairman*

REPORT OF THE VETERANS' AGENT

Submitted herewith is the Report of the Veterans' Agent for the Town of Plainville for the period July 1, 1981 to June 30, 1982. All applications for Veterans' Services during the period were approved by the State Commissioner of Veterans' Services. Fifty percent of all monies paid by the Town will be reimbursed by the Commonwealth of Massachusetts.

Approximately 263 requests for Veterans' Information were received during this period.

Respectfully submitted,

DONALD C. SOULE
Veterans' Agent

REPORT OF THE PLAINVILLE PERSONNEL BOARD

To the Honorable Board of Selectmen:

Gentlemen:

The last fiscal year has been an active and productive one for the Plainville Personnel Board.

As a member of the Wage Negotiating Team, the Personnel Board contributed to the negotiated contracts of the Police Department, the Highway Department and clerical employees.

The Personnel Board revised and up-dated the Personnel By-Law and Wage and Compensation Scale which was successfully adopted at the Annual Town Meeting of April, 1982.

A number of grievance procedures were also settled to the mutual satisfaction of all parties involved.

The Personnel Board has also worked to generate an effective and credible communication network and will strive to maintain an active rapport and liaison with the Board of Selectmen, Department Heads, Town employees and townspeople in order to provide quality services.

The Plainville Personnel Board would like to take this opportunity to thank the Board of Selectmen, Mr. Robert H. Brothers, and all Department Heads, for their cooperation and active support.

Respectfully submitted,

VIRGINIA H. SILVEIRA, *Chairman*

WINIFRED MASINO, *Secretary*

DONALD OPPENHEIM, *Member*

REPORT OF THE PLANNING BOARD

To the Honorable Board of Selectmen:

Gentlemen:

This year was an active one for the Planning Board and the following is a summary of our activities.

The board considered twenty-two Form A Applications (approval under the Subdivision Regulations not required) of which it approved nineteen. In addition the board considered two preliminary subdivision plans of which both were approved.

The Planning Board sponsored two articles for the Town Warrant. The article covering "Water Resource Protection" was approved.

In this coming year the board, in addition to its routine functions, will be working on revising the town's Zoning By-Law, Chapter III. We are also expecting two definitive plans for subdivisions in the town.

REPORT OF THE CABLE TV ADVISORY COMMITTEE

To the Honorable Board of Selectmen:

We herewith submit our report for the year ending June 30, 1982.

The Cable TV Advisory Committee was formally appointed by the Selectmen upon approval of the awarding of the cable television franchise to Rollins Cable TV in August of 1981. During the period between August and the end of April, 1982, the committee has held periodic meetings to assess the progress made by the franchisee under the terms of the final license. At the end of April, 1982, the first cable TV signals were received in Plainville. Since that time, many town residents have connected to the system, with about 50-60% of homes receiving cable TV. While some technical problems remain to be resolved, general acceptance of the services offered has been good.

Favorable, unsolicited responses have been received regarding the Municipal Access Channel, which serves as a community bulletin board for the town. To date the Police and Fire Departments have been particularly active in using the service, while the Town Clerk's office has posted town meeting times, service groups have used the channel for public announcements and church groups have actively promoted various functions through use of the media.

The Committee has also pursued the promotion of the public's access to cable TV and has helped formulate access rules and procedures to make this possible. We expect full access to the portable recording equipment for the Town during the fall of 1982. Studio facilities in Franklin and Lincoln, Rhode Island and the mobile TV van will be available next year.

REPORT OF THE HISTORIC COMMISSION

To: Plainville Selectmen

From: Plainville Historic Commission

The past year has been an active and interesting year for us. Starting with work on the history of the Town Library and the house next south of it, our knowledge of the Town's past has been much expanded. We can now trace the history of most of the lands on both sides of South Street (between the Wrentham and North Attleboro lines) from present ownership backward to owners in 1720. Much of this work has been possible because of the discovery of a 1720 map of Dorchester's "*Twenty-five Divisions in the New Grant Beyond the Blew Hills*". Members of the Commission are now working to establish points of reference between the old map and present ownership lines. They are also in the process of documenting the history of key properties which may be the homesites of those early land-owners.

Progress on the preservation of the Angle-Tree Stone has foundered on the problem of money: there simply was not enough donated to continue the work.

The Commission suffered a great loss during the year with the passing of two valuable co-workers: one being the Reverend John Bowmar, a member of the Commission for eight years, and the other being Mr. Clayton Cate who had contributed much material to our files as well as encouragement in our work. Clayton was slated to become a member at the time of his death.

As Chairman, I wish to thank the Commission members and all the townspeople who have contributed information, time and effort in our behalf.

REPORT OF THE SOUTHEASTERN REGIONAL PLANNING AND ECONOMIC DEVELOPMENT DISTRICT

During 1981 the Town of Plainville continued its membership for the twelfth year in the Southeastern Regional Planning and Economic Development District. SRPEDD is a planning and economic development agency formed under state law to serve twenty-eight communities in southeastern Massachusetts by providing a cooperative approach to regional issues.

The District is governed by a Commission consisting of a chief elected official or designee and a planning board representative from each participating municipality and six low-income and minority representatives. Plainville's Commission representatives from the Board of Selectmen and Planning Board, respectively are, Jack Stone and Bruce Hastings.

In addition to regional planning and economic development, SRPEDD assists member cities and towns. Through the free municipal assistance program, each community receives time for local projects and assistance in preparing applications for federal and state funds.

The agency's purpose is to plan for regional land use, economic development, housing, transit, transportation, solid waste, energy resources and conservation, and air and water quality. Local participation in these regional plans enables communities to be eligible for federal and state dollars.

Services to Plainville this past year included:

- Assisting in the preparation of a Housing Assistance Plan;
- Providing information on establishing an Industrial Development Corporation; and
- Preparing revisions to subdivisions and zoning regulations.

Regional plans and other activities conducted this year benefiting all communities include:

- The *Overall Economic Development Program* (OEDP) which makes member communities eligible for U.S. Economic Development Administration funding and a 10 percent bonus for public facility projects.

- The *Transportation Improvements Program* (TIP) which lists major projects in each community for federal and state funding. A project must be included on the TIP in order to be eligible for these funds.
- A Housing Conversion and Rehabilitation Program funded with bonus money provided to SRPEDD by the U.S. Department of Housing and Urban Development. The program will provide grants to establish approximately 25 new housing units in existing structures throughout the region.
- The *Transportation Energy Contingency Plan* which recommends a number of local and regional actions in case of a gasoline emergency.
- Several conferences: SRPEDD co-sponsored a Water Symposium in Bridgewater, Hazardous Waste Workshops in Fall River and New Bedford, and an Economic Development Conference in Brockton; and conducted Energy Conservation and Waste Heat Utilization Workshops.
- SRPEDD also conducts "A-95" and environmental assessment reviews of state and federally funded projects; reviews of industrial revenue bonds; and reviews of all local zoning amendments. The reviews are advisory and are oriented toward making proposals more cost-effective and feasible.

SRPEDD represents the collective will of its member communities. As the responsibilities and problems of municipalities become increasingly complex, the District can provide technical assistance to local boards, encourage cooperation among communities, and provide a comprehensive approach to issues that cross local boundaries.

REPORT OF THE COMMUNITY HEALTH AGENCY, INC.

The Community Health Agency, Inc. (CHA), a non-profit corporation based in Attleboro, Massachusetts, serves the residents of Plainville with the therapeutic services of visiting nurses, home health aides and occupational, physical and speech therapists.

In addition, as agent for the Plainville Board of Health, CHA provides preventative health services to residents of Plainville.

Among these services are immunization clinics for measles, mumps, German measles, diphtheria, tetanus, whooping cough and polio. Lead paint poisoning and tuberculosis testing are also provided at these clinics.

As Board of Health agent, CHA also conducts follow-up in cases of such reportable communicable diseases as tuberculosis and hepatitis. CHA visiting nurses also provide education, support and care for mothers and families before and after the birth of a child as well as caring for premature infants and other newborns referred by a physician, hospital, other recognized agencies or family members. CHA nurses also provide flu clinics and other health-related programs to senior citizens of Plainville.

There is no charge made to patients for these services provided on behalf of the Plainville Board of Health. These services are underwritten by tax monies allocated by the Plainville Board of Health.

A charge is made to patients for therapeutic services provided by visiting nurses, home health aides and therapists. This charge is normally reimbursed by Medicare, Medicaid or private health insurance. According to CHA policy, these services can only be provided by order of a physician.

Headed by a full-time executive director, CHA is governed by a Board of Directors made up of residents of Attleboro, Easton, Foxboro, Mansfield, North Attleboro, Norton, Plainville and Seekonk. Plainville residents serving on CHA's board are: Mrs. William R. Armstrong, Jr., and Mrs. C. Curtis Parker.

A completed statistical report for services provided to Plainville residents in 1981 will be available after January 1982 and may be obtained by contacting CHA.

REPORT OF SELF HELP INCORPORATED

Self Help, Inc., is greater Brockton's anti-poverty agency dedicated to improving the quality of life of limited-income individuals and families, and making all segments of the community responsive to the needs of limited-income, disadvantaged and minority needs.

During the program year ending September 30, 1981, Self Help, Inc., received a total funding of \$9,273,787 and provided 289,149 direct services to the area's limited-income individuals and families. Plainville residents received 158 direct services totaling \$56,909 during our program year.

The total funding of nine million dollars does not tell the real value of human services delivered to the area as a whole. Self Help's funding enabled us to mobilize an additional \$1,426,213 of other community resources such as CETA, Commonwealth Service Corps, and local city and town contributions as well as volunteers. The gross volume of Self Help, Inc., during the past program year, was 10.7 million.

Self Help currently employs 189 individuals, many of whom are limited-income and minorities.

We feel that the program year from October 1, 1980 through September 30, 1981 was a successful one for Self Help, Inc., and very helpful to our limited-income population. We thank the area's Boards of Selectmen and city and town volunteers for helping to make our program a success.

Note that Plainville has been designated to become an integral part of the general service area of Self Help, Inc., and as such is entitled to representation on the Self Help Board of Directors. This action was made effective September 29, 1981.

Respectfully submitted,
ULYSSES G. SHELTON, JR.

I herewith submit my report as Electrical Inspector for the period beginning July 1, 1981 and ending June 30, 1982.

REPORT OF THE HIGHWAY DEPARTMENT

To the Honorable Board of Selectmen:

I herewith submit my report of the activities of the Highway Department for the year commencing July 1, 1981 and ending June 30, 1982.

Highway Maintenance:

Streets and sidewalks have been swept and patched with cold mix throughout the town. Our 1962 Oliver tractor was rebuilt and was in service cutting brush along the roadways. Gravel roads have been graded. The South Burial Ground has been mowed and trimmed. Street signs and caution signs have been repaired or replaced. Safety lines and crosswalks have been painted.

Resurfacing of Town Roads:

The following roads were overlaid with bituminous concrete, type I-1.

High Street from Walnut Street to Cross Street
Robin Street
Lynn Avenue
Mirimichi Street from the Foxboro line to Treasure Island Road
Section of Cross Street

Drainage:

Length of Wade Road to tie in with the existing drainage on South Street.

580 feet of 12 inch pipe
64 feet of 10 inch pipe
5 catch basins

Grant Street and Park Street
152 feet of 10 inch pipe
1 catch basin

Catch basins have been repaired and brought to street grade.

Snow Removal:

Sanding and plowing assured safe traveling. Equipment break-downs have been repaired. In the spring storm drains were cleaned. Due to the many storms our snow removal budget of \$35,000 was inadequate.

Garage Repairs and Maintenance:

Painting and insulating was done. A wood and coal furnace has been installed and has helped in cutting fuel costs.

Trash Pick-up:

I wish to thank the crew that worked in all kinds of weather for their hard work in providing this service. You can help by:

1. Restricting your family dog during your trash pickup day. Torn trash bags are a problem and our crew does not have the time to pick scattered trash off front lawns.
2. Keeping a reasonable weight in trash bags and be sure to always double bag your garbage.

When a holiday, snow storm, or emergency situation falls on a collection day, all subsequent collections will be one day later. White goods collection for such items that cannot be placed in a rubbish compactor, and therefore cannot be picked up with regular trash, such as refrigerators, stoves, tree limbs or other large items, will be picked up twice each year during May and October.

In closing, I would like to thank the Highway Department employees and the members of the Police and Fire Departments and Jim Marshall of the Water Department for help received. To all the town office employees and to Town Administrator Bob Brothers, thanks for your help and guidance.

Sincerely,

RONALD FREDRICKSON
Highway Superintendent

REPORT OF THE NORFOLK MENTAL HEALTH ASSOCIATION, INC.

Through its partnership with the Norfolk Mental Health Association, the town of Plainville is able to guarantee its residents — children, youth and adults — access to an integrated network of quality mental health services. For example, the Cutler Counseling Center is a comprehensive mental health clinic sponsored by the Association in partnership with the state and local towns to provide a wide range of outpatient services to citizens who need them, at fees based on their ability to pay.

The Norfolk Mental Health Association is a private non-profit corporation, dedicated to the promotion of mental health, the prevention of mental illness, and the improved care and treatment of the mentally disabled. Plainville and 11 other towns comprise our health service area — Canton, Dedham, Foxboro, Medfield, Millis, Norfolk, Norwood, Sharon, Walpole, Westwood and Wrentham.

Among the major programs available to Plainville residents are: CUTLER COUNSELING CENTER, an outpatient mental health center with a multi-disciplinary staff serving children, youth, adults and families; offering the traditional services of intake, referral, diagnosis and treatment, as well as special ongoing groups (e.g. Widowed Lifeline, Recreational Gym, Social Rehabilitation), short-term groups (e.g. Stress Management, Divorce and Separation), and consultation and education to community agencies and area industries; NORFOLK CLINICAL CHILDRENS' CENTER, a therapeutic nursery school for emotionally, behaviorally or developmentally delayed children ages 3-8; CASE-AIDE PROGRAM, offering trained volunteers who "befriend" and help patients both in and out of Medfield State Hospital as well as victims of domestic violence within the community; Project HIRE, a comprehensive vocational rehabilitation facility for adults with emotional, developmental and/or physical handicaps offering comprehensive diagnostic vocational evaluations, skill training, counseling, job placement and sheltered employment; COMMUNITY RESIDENTIAL SERVICES, a program recently established to help provide people with safe and dignified housing following discharge from Medfield State Hospital, to

provide consultation and information regarding residential treatment and to design and implement community alternatives to inpatient hospitalization; COMMUNITY EDUCATION AND INFORMATION, an association-wide activity offering such public services as: publication of a newsletter and educational materials, provision of speakers for community activities and meetings, workshops and adult education programs for parents, health providers and others, and consultation and education to other community agencies.

Plainville residents have increasingly used our services. During Fiscal Year 1981, Cutler Counseling Center provided direct service to 70 families (approximately 98 people) and gave consultation services to town agencies. The total value of service included 790 units of direct service valued at \$30,805 and a variety of consultation hours worth \$640. The total \$31,445 in services were paid for by an estimated \$9,313 in collections from insurance, Medicaid, self-pay fees, and other reimbursements; \$11,000 in state donated positions; \$1,260 from the Plainville United Fund; \$3,000 in town contributions; and the balance of \$6,872 was donated by the Norfolk Mental Health Association.

In the past fiscal year, a large percentage of Plainville cases were referred by institutions or agencies such as hospitals, clinics, schools or courts. Others were referred through friends, families, or community professionals such as physicians and clergy. The most common requests for help concern such problems as depression and anxiety, difficulties in marriage or family relationships, school or behavior related problems, adjustment difficulties, and alcohol or drug abuse.

Activities of particular interest to Plainville that occurred over the past year involve the following programs:

- The Child Development Team (Pre-School, Chapter 766, and Adolescent Services) provides direct services to Plainville children and their families as well as indirect services to community professionals and agencies. In FY '81 one hour weekly of free direct service or consultation time was allotted to the Plainville schools. Much of this time has been used to consult on 766 Core Evaluations. The Child Development Team regularly consults with Plainville nursery and day care teachers. This work is vital to the early identification and prevention of serious mental health problems.
- The unique Widowed Lifeline program provides supportive counseling and friendship for recently widowed residents of our catchment area. This service has proven to be quite valuable and is available to all Plainville residents.

The Norfolk Mental Health Association is governed by a Board of Directors composed of citizens from each town in our health service area. Plainville is represented by Rubena Cole (retired teacher) of 80 Walnut Street and Jeannette Pray (school nurse) of 14 Berry Street.

Plainville has traditionally participated in and funded comprehensive mental health services through the Norfolk Mental Health Association. Plainville's allocation — 50¢ per capita — in 1981 or \$3,050 has not increased since 1974, despite rising costs carried by the Association.

Sincerely,

DOROTHY M.UHLIG, Ed.D.
Executive Director

REPORT OF THE BOARD OF ASSESSORS

On July 11, 1982, we were saddened by the loss of our Chairman, Francis Simmons. Francis has served on the Board of Assessors since his first election in 1958. He was a loyal and dedicated citizen with a deep heritage in Plainville. William E. Clarke was appointed by the Board of Selectmen to fill this vacancy. Bill has served the town in several other capacities, and we look forward to working with him in fiscal year 1983.

A revaluation by Appraisal Consultants of New England Corp. has been underway since December, 1981 and will be completed by October 1, 1982. However, it will be necessary to send out estimated tax bills for FY83. This notice will not indicate total tax bills for fiscal year 1983 (July 1, 1982 - June 30, 1983). Payments made will be credited toward payment of the actual tax. This will allow the town to proceed to certification of full and fair cash value by the State.

New construction has been limited because of the current economy and high interest rates.

Respectfully submitted,

ROBERT McALICE

REPORT OF THE ZONING BOARD OF APPEALS

To the Honorable Board of Selectmen:

We are pleased to submit the following report of activities of the Zoning Board of Appeals for the period July 1, 1981 through June 30, 1982.

There were fourteen (14) hearings, consisting of seven (7) for variances, four (4) for special permits, one (1) withdrawn without prejudice, and three (3) request for earth removal permit.

The Board received and paid to the Town Treasurer \$350.00 for application filing fees. The filing fee was changed from \$25.00 to \$45.00 on June 28, 1982. The Board was appropriated a budget of \$1,050.00 for fiscal year 1982. When these funds were expended the Zoning Board of Appeals requested a transfer of \$350.00 to meet unforeseen expenses. REPORT OF THE PLAINVILLE CELEBRATION COMMITTEE

To the Board of Selectmen of Plainville:

A group of citizens formed last year prior to the Annual Town Meeting to plan a special day for the people of Plainville. They inserted an article in the warrant asking the town to appropriate the sum of \$3,500.00 to be used for this celebration and the monies realized be put into a special fund for future celebrations. This article met with approval of the voters. The group of citizens went before the Board of Selectmen and were appointed to this special committee which became known as the Plainville Saturday Spectacular Committee.

Edwin H. Harrop, Sr. was elected Chairperson; Ted Brauner, Vice-Chairperson; Harriet Koshgarian, Secretary; and Frank Sorrento, Treasurer. Other members of the committee consisted of Judy Gale representing the Methodist Church; Rosalthe Sorrento, the Girl Scouts; Skip Wade and Raymond Lewicki, the American Legion; Darlene Young and Marge Edwards, the Jaycees Wives; Natalie Rammel, Kappa Sigma Sorority; and Richard Compton, the Plainville Lions Club.

The day started off with a Children's Parade forming at Whiting and Davis parking lot on West Bacon Street and proceeding down West Bacon Street through the center of town to the Town Park. Also the Jaycees held a road race on that day. At 12 noon to 6:30 P.M., when the rain came, there was continuing entertainment and refreshments. Seeing that the rain did come and that the block dance was

called off, the Committee voted to hold the dance on January 9th at the Wood School on South Street from 8:00 P.M. to 12:00 A.M. and again there was a storm and the turnout was poor. But a good time was had by all.

Also Beverly and Robert Bedard, Marion Wall, Kevin Sinksen, James and Linda Dety, Karen Ganamian, Rod Edwards, Geraldine Perry, and James Desrochers joined our Committee.

The separate committees formed were as follows: Natalie Rammel — Tickets; Rosalthe Sorrento and Judy Gale — Children's Parade; Richard Compton — Entertainment; Peter Marchese — Field Events; Marge Edwards and Darlene Young — Paper Goods and Publicity; Rosalthe Sorrento — T-Shirts; Judy Gale — Balloons; Harriet Koshgarian and Rosalthe Sorrento — Food; Plainville Lions Club — Cooking of Food; Karen Ganamian — Painting Clown Faces on Children; James Desrochers — Historian; Kevin Sinksen — entertainment and Photographers, Robert Bedard, Harriet Koshgarian, Raymond Lewicki, and Skip Wade — Raffle Gifts, Robert and Beverly Bedard — Raffle Tickets, Michele Nadeem — Hostess Emcee, Thomas Cutty and William Alley — Host Emcees.

We, the Committee, wish to thank the local businesses for their donations, Brett and Scott Beyersdorfer for conducting the hayrides, the WARA sponsors who made it possible to have radio coverage the day of the event and fourteen days before the event, the children who made up the parade and participated in the field events, and the townspeople for supporting us — for without their support we would not have had a highly successful Saturday Spectacular in the Park.

Respectfully submitted,

EDWIN H. HARROP, SR.

REPORT OF THE CONSERVATION COMMISSION

To the Board of Selectmen:

Gentlemen:

The following is the report of the Conservation Commission for the year ending June, 1982.

It has been an eventful year for the Conservation Commission. Our Open Space and Recreation Study, two years in the making, is now finished. The purpose of the plan is to identify significant natural

resources and locate those areas of town providing watershed protection, passive recreational opportunities and wildlife habitat. Completion of the plan was a prerequisite to state funding of up to 80%.

The planning process included the development of the following long-range goals:

1. To protect the water quality of Turnpike and Mirimichi Lakes and the ponds feeding the Ten Mile River.
2. To preserve Plainville's remaining agricultural land and encourage backyard farming.
3. To protect public and private water sources.
4. To preserve open space lands and maintain the rural character of the town.
5. To protect important wildlife habitats and other natural areas of unique or significant interest.
6. To develop and improve passive recreational facilities such as hiking trails.
7. To establish an ongoing conservation education program in the town.

The Conservation Commission hopes that this plan will be an interesting field guide to the enjoyment of our natural resources. It should also assist the Planning Board and Zoning Board of Appeals in assessing the environmental impact of proposed projects under the Subdivision Control, Earth Removal and Ground Water Protection Bylaws. The Board of Health and the Water Department may also find the accompanying maps useful in regulating activities which may affect water quality.

The Conservation Commission sponsored two alternatives for groundwater protection at the Annual Town Meeting and was pleased that the townwide version was passed and accepted by the Attorney General. This new bylaw will be implemented by the Zoning Board of Appeals.

In response to citizens' concerns over potential contamination of public and private water supplies by Plainville Sanitary Landfill, the Conservation Commission hired ERCO Inc. of Cambridge to run a complete EPA Priority Pollutant analysis of groundwater taken from test wells at the site. This procedure tests for 129 different toxic chemical compounds. The results will give us a profile of the groundwater chemistry. Similar tests should be repeated annually to monitor any changes that might indicate leakage from either the clay lining or leachate collection system.

The Commission also held several hearings under Chapter 131, Section 40 of Mass. General Law and the Town Wetland Bylaw.

We thank Ronald Fredrickson and Terrance Holbrook for their service and regret that they are no longer members.

Annual Appropriation for Expenses	\$960.00

REPORT OF THE CAPITAL EXPENDITURES PLANNING COMMITTEE

To the Honorable Board of Selectmen, Finance Committee, et al:

We are pleased to submit the following report of the activities of the Capital Expenditures Planning Committee for the period ending June 30, 1982.

Requests were submitted by the Fire Department, Highway Department and Police Department and were reviewed along with potential Capital Expenditures of the foreseeable future were discussed. It was suggested by R. Silveira of the Finance Committee that an inventory of Capital Equipment and their potential dates of expiration be submitted as to enable the C.E.P.C. to forecast possible expenditures.

Ronald Fredrickson, Highway Superintendent, presented a listing which included a street sweeper, which will need to be replaced at a future date (possibly two years) and the replacement cost of which is currently \$44,000.00 and a 10% per year increase. Also foreseeable is a 1970 GMC Terex Front End Loader, with a replacement cost of about \$60,000.00, also a L-900 1979 Dump Truck which should be replaced with a vehicle smaller in nature for economical reasons. Current requests are for \$7,500.00 to purchase a pick-up truck for the Highway Department use and it was stated that a priority be given for a used vehicle which utilized regular fuel rather than unleaded. Also a need for \$2,000.00 to replace current Base Station used by the Highway Department for communications.

Requests from the Fire Department were for a Chief's car and a pick-up truck to replace the present vehicles along with \$26,000.00 for replacement of radio equipment, which is between 10 and 27 years old. This would include 8 Walkie-Talkies, 8 Mobile Units, 2 Base Stations, and 10 Monitors.

Requests from the Police Department for replacement of 2 cruisers at approximately \$11,500.00 each and five radio units at \$1,425.00 each, or \$7,125.00. Five six-watt, 4 Fre. Motorola Walkie-Talkies, 3 spare dual charge batteries at \$80.00 each, one Motorola 12-unit rapid rate battery charger, \$838.00, one single-unit, one-hour charger \$128.00, and one Motorola Speaker/Mike \$90.00. Total package \$8,421.00.

All requests have been reviewed and discussed in regard to need and impact on the Town Budget. Due to the fact that all three Departments were in need of communications equipment, the C.E.P.C. discussed the feasibility of moving the requests for 2 to 4 years in the future back to this fiscal year, and putting out to bid one communications package, rather than several smaller packages over the next several years. The Department heads were in agreement that a better price could be secured on a larger package in one fiscal year. With this in mind, the C.E.P.C. decided that it would be beneficial to the Town and the impact on the budget to pursue a combined package this year.

The need for replacement of the pick-up truck for the Fire Department is due to the fact that the present vehicle is out of commission and parts needed to repair it are scarce. Therefore, in light of the fact that the Highway Department needs a vehicle similar in nature, it was decided that it too would be best to combine these two capital expenditures into one package in hope of securing a lower bid.

The requests for two Police cruisers and the Fire Chief's car were also combined into one package to be pursued through the Massachusetts State Police Motor Vehicle Specifications Bid List. These bids are expected to come in at approximately \$11,500.00 per vehicle.

Having reviewed all of the above requests and recognizing the need for them, the discussion centered upon the impact on the Town Budget and Funding. The total package was anticipated to come to approximately \$90,000.00, of which \$30,000.00 was already included in the warrant and the budgets of the Police and Fire Departments, and was to be recommended by the Board of Selectmen. The additional \$60,000.00 was then discussed. Options included borrowing monies in the form of serial notes from a bank over a short period of time, 3 to 5 years, or transferring \$60,000.00 from the Stabilization Fund which is presently \$135,000.00 with no foreseeable use for the money. Another source of capital was Plainville's share of the King Philip Roof Fund, approximately \$30,000.00, which may be returned to the Town and pending action on the King Philip School budget reduction which would be approximately \$65,000.00 returned to the Town of Plainville.

The above financial information was provided by Kathleen Parker, Town Treasurer. The C.E.P.C., Board of Selectmen and the Finance Committee were all in agreement that it would be best to seek financing of the above projects from the Stabilization Fund with the understanding that future Capital Expenditures must be kept to a minimum until the monies are replaced into the Stabilization Fund.

It was then decided by the C.E.P.C. to have Kathy Parker and Robert Brothers draw up an article for the C.E.P.C. and to have it placed properly on the warrant of the Town Meeting.

Respectfully submitted,

THE C.E.P.C.

Annual Report

of the

SELECTMEN

and

BOARD OF HEALTH

of the

TOWN OF PLAINVILLE, MASSACHUSETTS

FOR THE YEAR ENDING JUNE 30, 1982

REPORT OF THE BOARD OF SELECTMEN AND THE BOARD OF HEALTH

To: The Citizens of Plainville:

The following constitutes a combined report of the Board of Selectmen and Board of Health for the Fiscal Year ended June 30, 1982.

At the Town Election in April, Robert E. Hartnett was elected to a three year term on the Board.

Our Monday night meetings have all been open to the public and were properly posted with the Town Clerk.

The results of audits through FY 1979 and FY 1981, conducted by the firm of Feeley and Driscoll, Boston, MA., were received by the Board. It was noted that the cooperation received from town officials and employees allowed the auditors to work with no noticeable disruption of normal Town Office activities, and all persons concerned seemed pleased with the audit team.

The audits covered a period of approximately ten years and showed, in addition to some deficiencies in internal office procedures, a variance of \$41,615.84 between the records of the Treasurer and the Town Accountant. It was explained that the variance appeared to be the result of information not being properly or completely recorded over the years, resulting each year in a larger variance over the previous year, and the auditors had stabilized the variance for a six month period.

It was noted that the Bureau of Accounts directed that an article be placed on a Town Meeting Warrant to be disposed of by a vote of the people, and this will be done in the near future.

In addition, some of the recommendations to improve office procedures have already been implemented and others will be instituted as the opportunity arises.

The Board was informed that approximately 16.5 acres of land on Belcher Street had been purchased by the Commonwealth of Massachusetts to be held as a potential future site for a Resource Recovery facility.

The Rhode Island Group Health Association (RIGHA) a Health Maintenance Organization (HMO) type of medical service, constructed an office to provide medical services to RIGHA subscribers.

Self Help, Inc., a non-profit anti-poverty agency, requested and received approval to use space in the Town Office during October and November for residents to apply for fuel assistance.

The Town received a grant to conduct an Energy Technical Audit (T/A) on town buildings. The audit was conducted by Whitman & Howard of Wellesley, MA, at a cost of \$2,050.00, paid completely by the grant. This audit will provide a base for any further requests for grants on energy conservation measures.

Fire Chief Clarence Skinner, Jr., notified the Board of his impending retirement in April. The Board expressed appreciation for his long years of faithful and dedicated service to both the Fire Department and the Town, and especially for his concern for the safety and welfare of Town residents.

On May 1st the Board appointed Mr. Edward Devine as the Fire Chief in the Town of Plainville. Mr. Devine was selected from a large field of applicants, and has had many years of training and experience in the Providence, Rhode Island fire service. The Board looks forward to a long and pleasant working relationship with Chief Devine.

The Board has experienced a very active and successful year and wishes to thank all the Town employees, elected and appointed officials, and residents of Plainville who helped in any way to make the job easier, with special thanks to the Town Office staff for their advice, support and tolerance during the year.

Respectfully submitted,

TERMS AND MOTIONS USED AT TOWN MEETING

1. QUORUM — 60 registered voters are needed to conduct a meeting.
2. ARTICLE — That which is printed on the Warrant. The sums of money printed may not be increased but may be decreased.
3. METHODS OF VOTING —
 1. Ayes and Nays.
 2. Standing Vote — required on all votes that require a $\frac{2}{3}$ vote.
 3. Secret Ballot — a motion for a secret ballot is in order at any time. The motion requires a second, and needs a simple majority to carry.
 4. The Moderator may determine the method of voting on any article.
 5. To put an article on the floor requires a motion and a second. Discussion of the article follows. An article may be amended twice. After disposition of the second amendment by a negative vote, it may be amended again. No more than 2 amendments may be on the floor at one time. All amendments must follow the general theme of the article.
 6. To limit or cut off debates, there are basically four methods:
 - A. A motion to lay an article on the table requires immediate action — it is neither amendable nor debatable, requires a $\frac{2}{3}$ vote, and if carried defeats the article.
 - B. A motion to move the previous question is neither amendable or debateable, requires a $\frac{2}{3}$ vote, and if carried, requires an immediate vote on the motion that is on the floor, either the original motion or as it is amended.
 - C. A motion to lay an article on the table to a particular time follows the same procedure as a motion to table, but if carried, places the article either in a different sequence or at a different time.
 - D. A motion to postpone indefinitely may also kill an article. It is however, debatable but not amendable, and requires only a majority vote.
4. POINT OF ORDER — Requires immediate action by the Moderator and is used to question the legality of the Moderator's decision.
5. MOTION TO ADJOURN OR RECESS — Amendable and debatable; majority vote required.
6. MOTION TO DISSOLVE — Not amendable or debatable; majority vote required.
7. MOTION TO RECONSIDER AN ARTICLE — May be given at any time. There may be only one reconsideration of an article. It is debatable but not amendable, and requires a $\frac{2}{3}$ vote.

These are the basic guide lines of Town Meeting Government. While they are the rules, common sense is still the best guide line.

The Moderator is always willing to help any voter get his or her motion in the proper form to be presented.

All Motions and Amendments must be presented in writing to the Moderator.

If you have any question on procedure, please ask — you will get an answer.
